# SERIES DB

## STANDARD KEY FEATURES

The Series DB is built from high-quality components, designed to meet commercial standards at a competitive price.

Compare the following:

### Pre-Primed

All doors and frames are baked-on primer, meeting ANSI A250 Standards. Tested for salt spray, humidity, abrasion, and adhesion. Gray or white.

### Doors

Available as 20 gauge or 18 gauge galvanized (A60), polystyrene core, square edge. Flush mounted door leaf. Doors meet commercial Steel Door Institute (SDI) standards.

### Frames

16 gauge galvanized (A60), 5 3/4" frame depth with 2" x 2" header. Frames meet commercial Steel Door Institute (SDI) standards.

### Locks

Grade 2 Commercial. Five-year manufacturers warranty.

### Wall Anchors

Multiple different anchoring systems for steel stud, wood stud, masonry and metal building applications.

### Hinges

Ball bearing US26D satin chrome hinges with security non-removable pins.

### Other

Full ADA 5 3/4" aluminum threshold, dual finger TPE sweep, and self-sticking silicone bulb weatherstrip. All components meet commercial standards and ADA requirements.

### WARRANTY

Series DB Doors have a complete two-year warranty minimum on all standard components.

## PREASSEMBLED PRODUCT

## OPTIONS

### Subjamb

Flush mount only. 16 gauge subjamb and subframe header replace the need for a framed opening. Full 7'2" in height and can be modified to fit.

### Grade 1 Lever Lock

Grade 1. Free wheeling, pressure release, vandal resistant lever. Ten-year manufacturers warranty.

### Exit Device

Commercial-duty grade 1 rim exit device. Aluminum finish. Key-in-lever or escutcheon-with-lever trim. Three-year warranty.

### Auto Closer

Commercial-duty grade 1 surface applied closer. Backcheck, sweep and latch speed adjustment valves. Three-year warranty.

### Latch Guard

Steel latch guard with US32D stainless steel finish. Prevents tampering with the latch on lever locks.

## LITE KITS

24x30

9x30
